

Business

Corporate Relations

OUR STORY

UGent Racing is a team of more than **70** ambitious, motivated and talented **students** who build an **electric** and **autonomous driving racecar**. The team consists both of engineering students and business students. UGent Racing aims to participate in the **Formula-Student Competitions** which are organized during the summer months across different European countries. Moreover, UGent Racing intends to have a **positive impact on society** by contributing to the mobility of tomorrow and forging higher education of the future.

YOUR RESPONSIBILITIES

Corporate relations is part of the bigger business team of UGent Racing. They focus on the non-technical side of the project. In your function, you will be developing a fundraising strategy to make sure the team reaches the predetermined budget. You will help grow the current partner community and attract new companies to engage in the autonomous racing adventure. Apart from growing the community, it is also important to keep good relations with the current partners. You will communicate with them to figure out their desires. For the competitions you will cooperate with the rest of the business team to work out a business plan. Throughout the year, you are also responsible of keeping track of the finances of the team and make sure that the accounting happens in the correct way.
